FISHER KING SEAFOODS

YOUR SOURCE FOR NATURAL WILD-CAUGHT FROZEN SEAFOOD:

Long-term access to responsible fisheries ensures year-round availability of our core line of wild-caught frozen seafood.

All our products are packed under our strict quality assurance program in HACCP approved facilities.

We also custom pack to private label specifications on select items.

Certified at source, every order is carefully handled and efficiently delivered.

SUSTAINABILITY

It is important to us that the world and seafood industry is better and more prosperous than what we enjoy today.

FOCUS

We focus on what we know best: wild-caught, once-frozen, and sustainably harvested seafood.

PASSION

Our growth and strength is directly attributed to the long-term relationships we have built and nurtured with our customers and suppliers.

THE FISHER KING STORY

Fisher King Seafoods was founded in Halifax, Nova Scotia in 1996.

Since our inception, we have seen solid and steady growth in the variety and volume of seafood products we market. At Fisher King, we focus on what we know best: wild-caught, once-frozen, and sustainably harvested Atlantic Canadian seafood.

Through our strategic partnerships, we also have added purchasing power, expertise, and access to some of the highest quality seafood items from around the globe.

OUR STRATEGIC PARTNERSHIPS

Nichirei is Japan's largest food service distributor and one of its largest seafood companies.

They partnered with Fisher King Seafoods in 2009, bringing added strength and diversity to our seafood products.

Nichirei's **"networking good taste and freshness"** as stated in their corporate brand statement compliments our own commitments to **integrity, quality, and exceptional service.**

Their global sourcing network and quality assurance team provides us with access to a wide variety of high-quality seafood items such as sashimi and sushi products.

POLAR SEAFOOD

Polar Seafood is a multinational company, with offices in Greenland, Denmark, UK, France, Iceland, Norway, and Italy.

With over ten modern factory freezer vessels and interests in land-based facilities in several countries, Polar Seafood is a major force in global seafood production.

They are the largest quota holder and producer of snow crab clusters in Greenland and one of the world's leading producers of cold water prawns.

Fisher King is proud to be the exclusive North American distributor of Polar Seafoods' "Polar Bear" brand.
